The Whipurnette Staff invites you to enjoy the past years' experiences shared at M.H.S. Paging through the many sections of our book, you will notice that progress through quality has been attained in all the various fields. Progress in cooperation through sports, progress in knowledge through the faculty, progress in participation through activities, and progress in development through school life. The result of all this advancement is quality students in our school.

The many subjects that are taught at M.H.S. are equally offered to all the students. They will get no more out of a subject than the sincere effort put into it. The quality of the student is the deciding factor. He will progress if he knows how to study, how to apply what he is being taught, and how to wisely plan for the future.

Progress is made in school life through quality—the quality of the individual.

SCHOOL LIFE

School Opens Today

The doors of education and opportunity are once again open after a long awaited vacation has passed. As you gaze around, you will notice the beautiful tans the students have acquired at beaches and other lounging places. The faculty greets the students with pleasant smiles and then gets down to passing out books and other equipment. Everyone's resolution is to progress in scholarship, dependability, activity, and leadership in all the various fields, throughout the forthcoming year. It's a wonderful day for all, as once again we settle down to work.

Top: M. Batterman, W. Joslin, R. Schinski, gaze around and talk before beginning their endless duties of the year.

S. Meyers, J. Berg, G. Berger, B. Hanson, T. Gilbert, B. Olson, and others look on as G. Braun and C. Feldestein play a psychological game with them.

"Turn Back The Clock"

"Turn Back the Clock" was the play chosen by the Junior Class to be given on February 9 and 11. This play was in three acts written by Joseph and Marrijane Hayes. The play, under the direction of Miss Alice Sunstrom, proved to be a success.

The Palmer family, including Mother, Father, and three children, lived a happy life, even though it was filled with problems. When Larry came home from College so unexpectedly, everything in the household seemed to revolve around his "hopped-up" college life.

Mr. Palmer	Robert Ames
Mrs. Palmer	Mary Ott
Sally	Lorna Mae Roeder
Evie	Gail Berger
Larry	Charlie Feldstein
Irene Isherwood	Tobey Gilbert
Maybelle Harrison	Glenda Braun
Charles Hill	Bill Reinke
Johnny Stone	Bill Hanson
Barbara Bannister	Shirley Meyers
Ollie Bannister	Dick Young
Phyllis McSoreley	Carol Nelson
Hilda	Barbara La Pierre
Curly Bascombe	Bruce Olson

A. Miller, B. Peters, D. Lindbom, N. Ulvig, J. Berg have a "chat" while dancing.

L. M. Roeder, G. Berger, B. Ames argue about who is to chaperone the party.

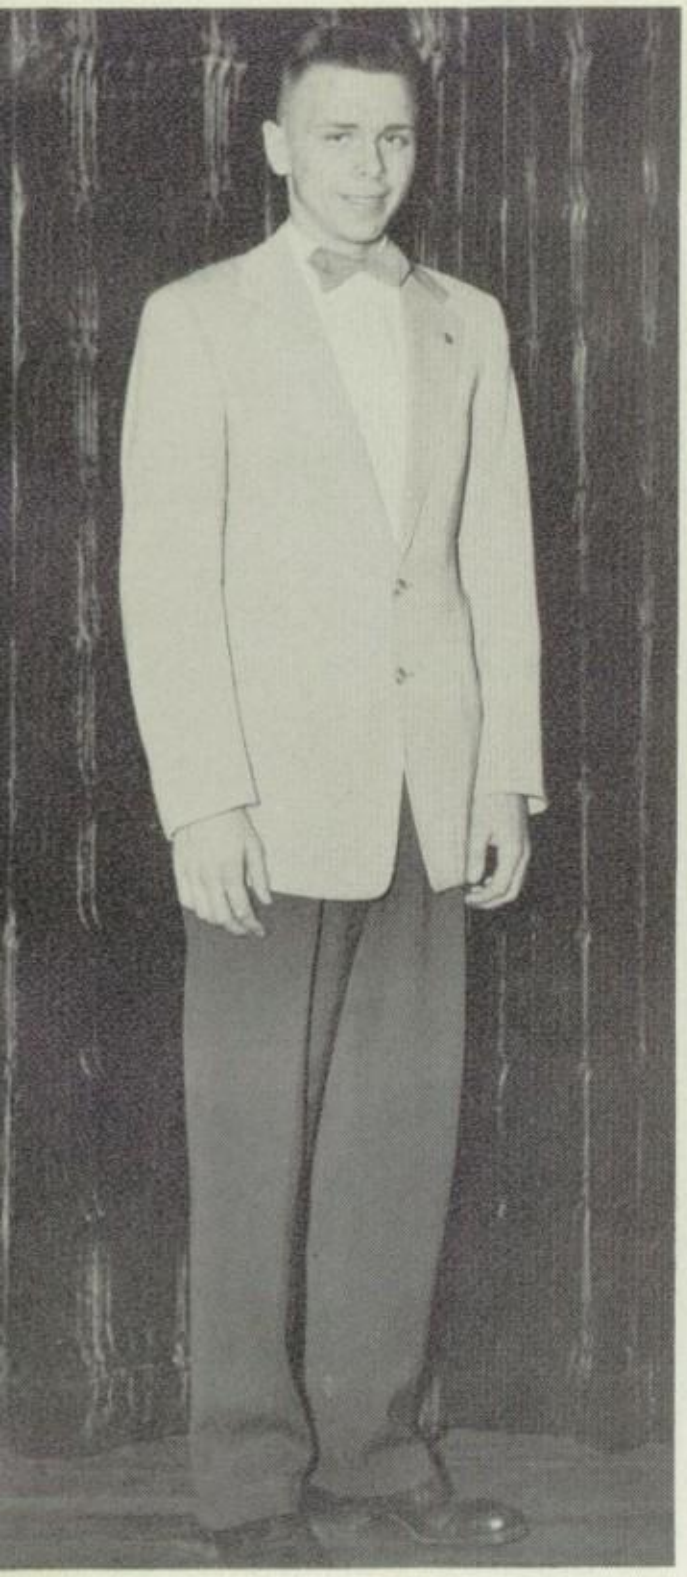
L. M. Roeder enjoys the performance being put on by her brother, C. Feldstein.

Evie, the eighteen-year-old daughter seemed to challenge the family with the most problems. In celebrating her eighteenth birthday, she complicated matters very much for the Palmer family.

Even Sally gained some clues as to what teen-age life is like. Before Evie's birthday, Charles Lindbergh and the Prince of Wales were her idols, but after seeing what there is in life, she changed her opinion.

We also find out that the useless and worthless Charlie Hill proves to be quite a success, whereas the intelligent Johnny Stone, proves himself very useless.

But all in all, life hasn't changed very much since 1928. Parents are forever worrying about their children whom they say are staying out all night.



Don Lund was chosen as the King for the Junior Prom.

The Templeaires beat out their rhythmic notes to the many popular hits, while the guests dance to these dreamy tunes.

Balloons, confetti, streamers, a collection of them drawn up to a huge group in the center, was the sight that greeted those prom goers on May 17, 1953. A constant flow of melodious music, delicious refreshments, and a delightful atmosphere was the front that greeted the arrivals. Behind all this was many weeks of planning by the class officers and the class advisors. Aided by the many juniors on committees, this prom, the Mardi Gras was enjoyed by all.

Joanne Nelson, Wayne Dishaw, Jon Hanson, and Mary Hintz, relax at a table between dances.

JoAnn Farrell, Don Lund, and Jim Schmidt pause for refreshments at the punch table.

JoAnn Farrell and Don Lund the Junior Prom King and Queen smile to show their appreciation for being chosen as such.

The Prom Royalty, King Don Lund and Queen JoAnn Farrell, were introduced by the Class President, Ron Worm. They led the grand march and all of the activities, doing a splendid job. Memories of the past school year could not help but pass through the minds of those dancing to the smooth music of the Templeaires. Souvenirs of this occasion were taken by the dancers, to file away for sentimental reasons, in the form of balloons, confetti, or streamers. The Mardi Gras, as it always does in New Orleans, provided those of Marinette High with a memorable evening.

JoAnn Farrell, who was the Junior Prom Queen for 1953, smiles after being presented the crown.

Ronald Kallquist, Judith Fast, JoAnn Farrell, and Don Lund, pose for a picture after the Crowning.

Mr. Harbort, Mr. Emmons, Mr. Exworthy, and their wives are much enthused with the activities at the Junior Prom.

Miss Victory 1954

At a meeting of Student Council, it was decided to nominate five senior girls to run for Victory Queen. The student body would determine the queen, and the four runners-up would make up the court.

Julie Clermont, a cute senior with a winning smile, was chosen as 1953 Victory Queen. Jackie Blanchette, Mary Plautz, Sandy Olson, and Judie Fast were in the court. Everyone agrees that these girls formed a pretty picture and added gaiety to the festivities.

Julie Clermont reigns as "Miss Victory" for the M & M festivities.

Jackie Blanchette, Mary Plautz, Sandra Olson, and Judie Fast, look on as Carl Sievert crowns Queen Julie Clermont.

G. Braun, G. Berger, L. M. Roeder, B. Hanson, and others look on as Mr. and Mrs. Palmer (M. Ott and B. Ames) come home to the party.

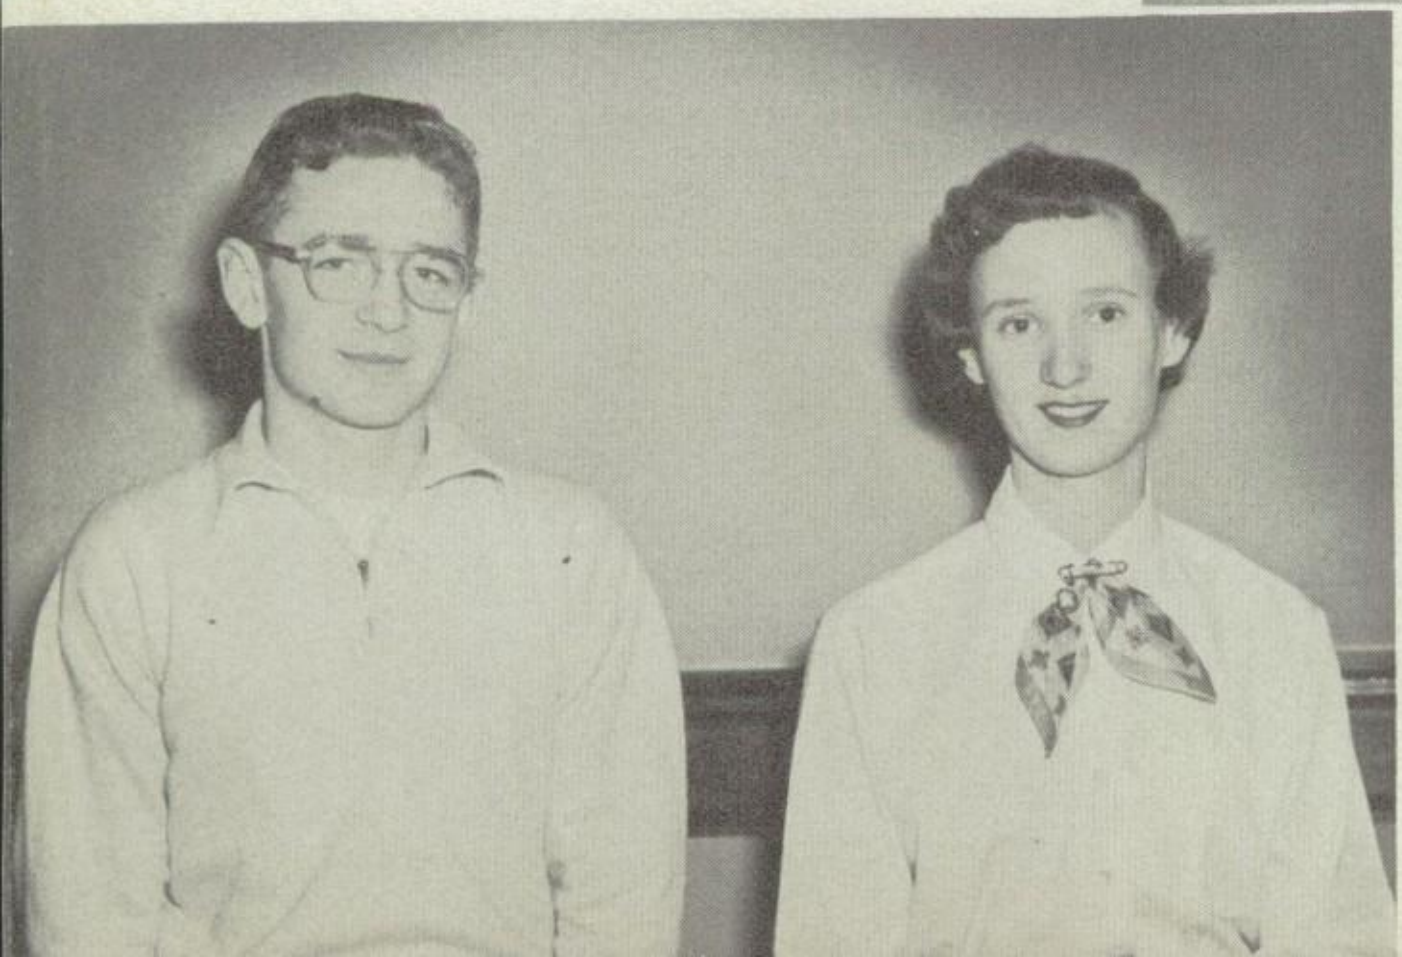
Awards

Four years of studiously laboring in school work pays its reward in due time. Marinette High gives out several awards annually to seniors who excel in leadership, certain school subjects, or sports. These awards are a privilege to receive because of the meaning behind them. Those receiving these awards form a solid basis for their citizenship of tomorrow.



The coveted DAR Citizenship Award for 1954 was presented to Robin Smith. She has maintained a high average while actively participating in extra curricular activities. Leadership, patriotism, and dependability are basic for eligibility.

The annual Bausch and Lomb Honorary Award was presented to Gerald Martz. Presentation is based on excellence in the field of science over a period of 4 years.

This year's Band Sweetheart is Mary Trippler. Chosen by the band members, she has been in the band for several years and has become quite talented with the clarinet. A senior, the band is sure to miss Mary next year.

Her personality and quick winning smile has gained her numerous friends. She will be remembered by her friends in the band, and by her teacher, Mr. Kenneth Emmons.

Lin Winnekins, Mary Trippler, and Francis Wood.

Sports take up a large part of our school calendar. Going by this, we can see how much time our players have to devote to them and yet make sure that they keep up in their studies. We can therefore be proud of the athletes that come out of Marinette High, as they will be the hard working citizens of the future.

The Elks Most Valuable Player Award for the 1953 football season is Ron Worm. Voted by his teammates, Ron has been a valuable asset to the football team for three years.

Badger Boys State, sponsored by the American Legion, is designed to teach the functions of government to outstanding young men of Wisconsin. Boys from every high school in the state are represented here. They are selected from their various schools, not only on the basis of scholarship, but on participation in sports and other extra-curricular activities. This activity took place on the Ripon College campus. The information they received about government will prove invaluable in their role as future citizens. Marinette's representatives were Don Lund, Jerry Martz, Roger Peters, and Dick Pichette.

Social Sciences

What do you know about America or this World? What is Democracy? What does your government provide for you?

Those are some of the questions that are discussed in the Social Science classes.

Not only do you learn the facts about our government now, but you also find out those of the governments of years gone by.

Most students say, "Why do I have to study this old stuff?!" What they don't realize is that by learning about the countries long ago, they should be able to recognize the faults and thus help to make the world they are now living in a better one.

I. Johnson, S. Brusewitz, and J. Christensen, go over the 48 states.

A group of Advanced Algebra students watch Shirley Matz as she solves an equation with complex roots by the use of the quadratic formula.

Mathematics

The key to success in most vocations is mathematics. This key is locked behind the doors of the future, and for this reason many do not realize what it includes, the serious implications behind its study, and the results that it brings in the future.

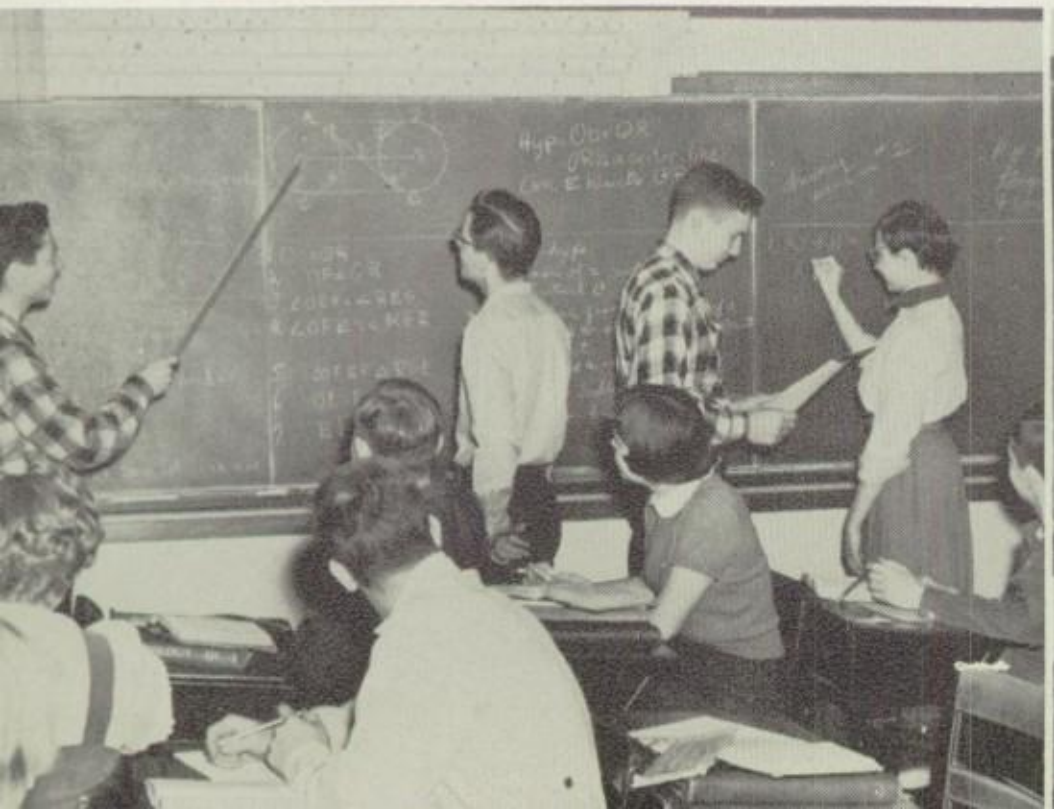
Living with and getting along in the world presents many problems that must be carefully thought over, and a system worked out for their solving. Math teaches one how to do this project.

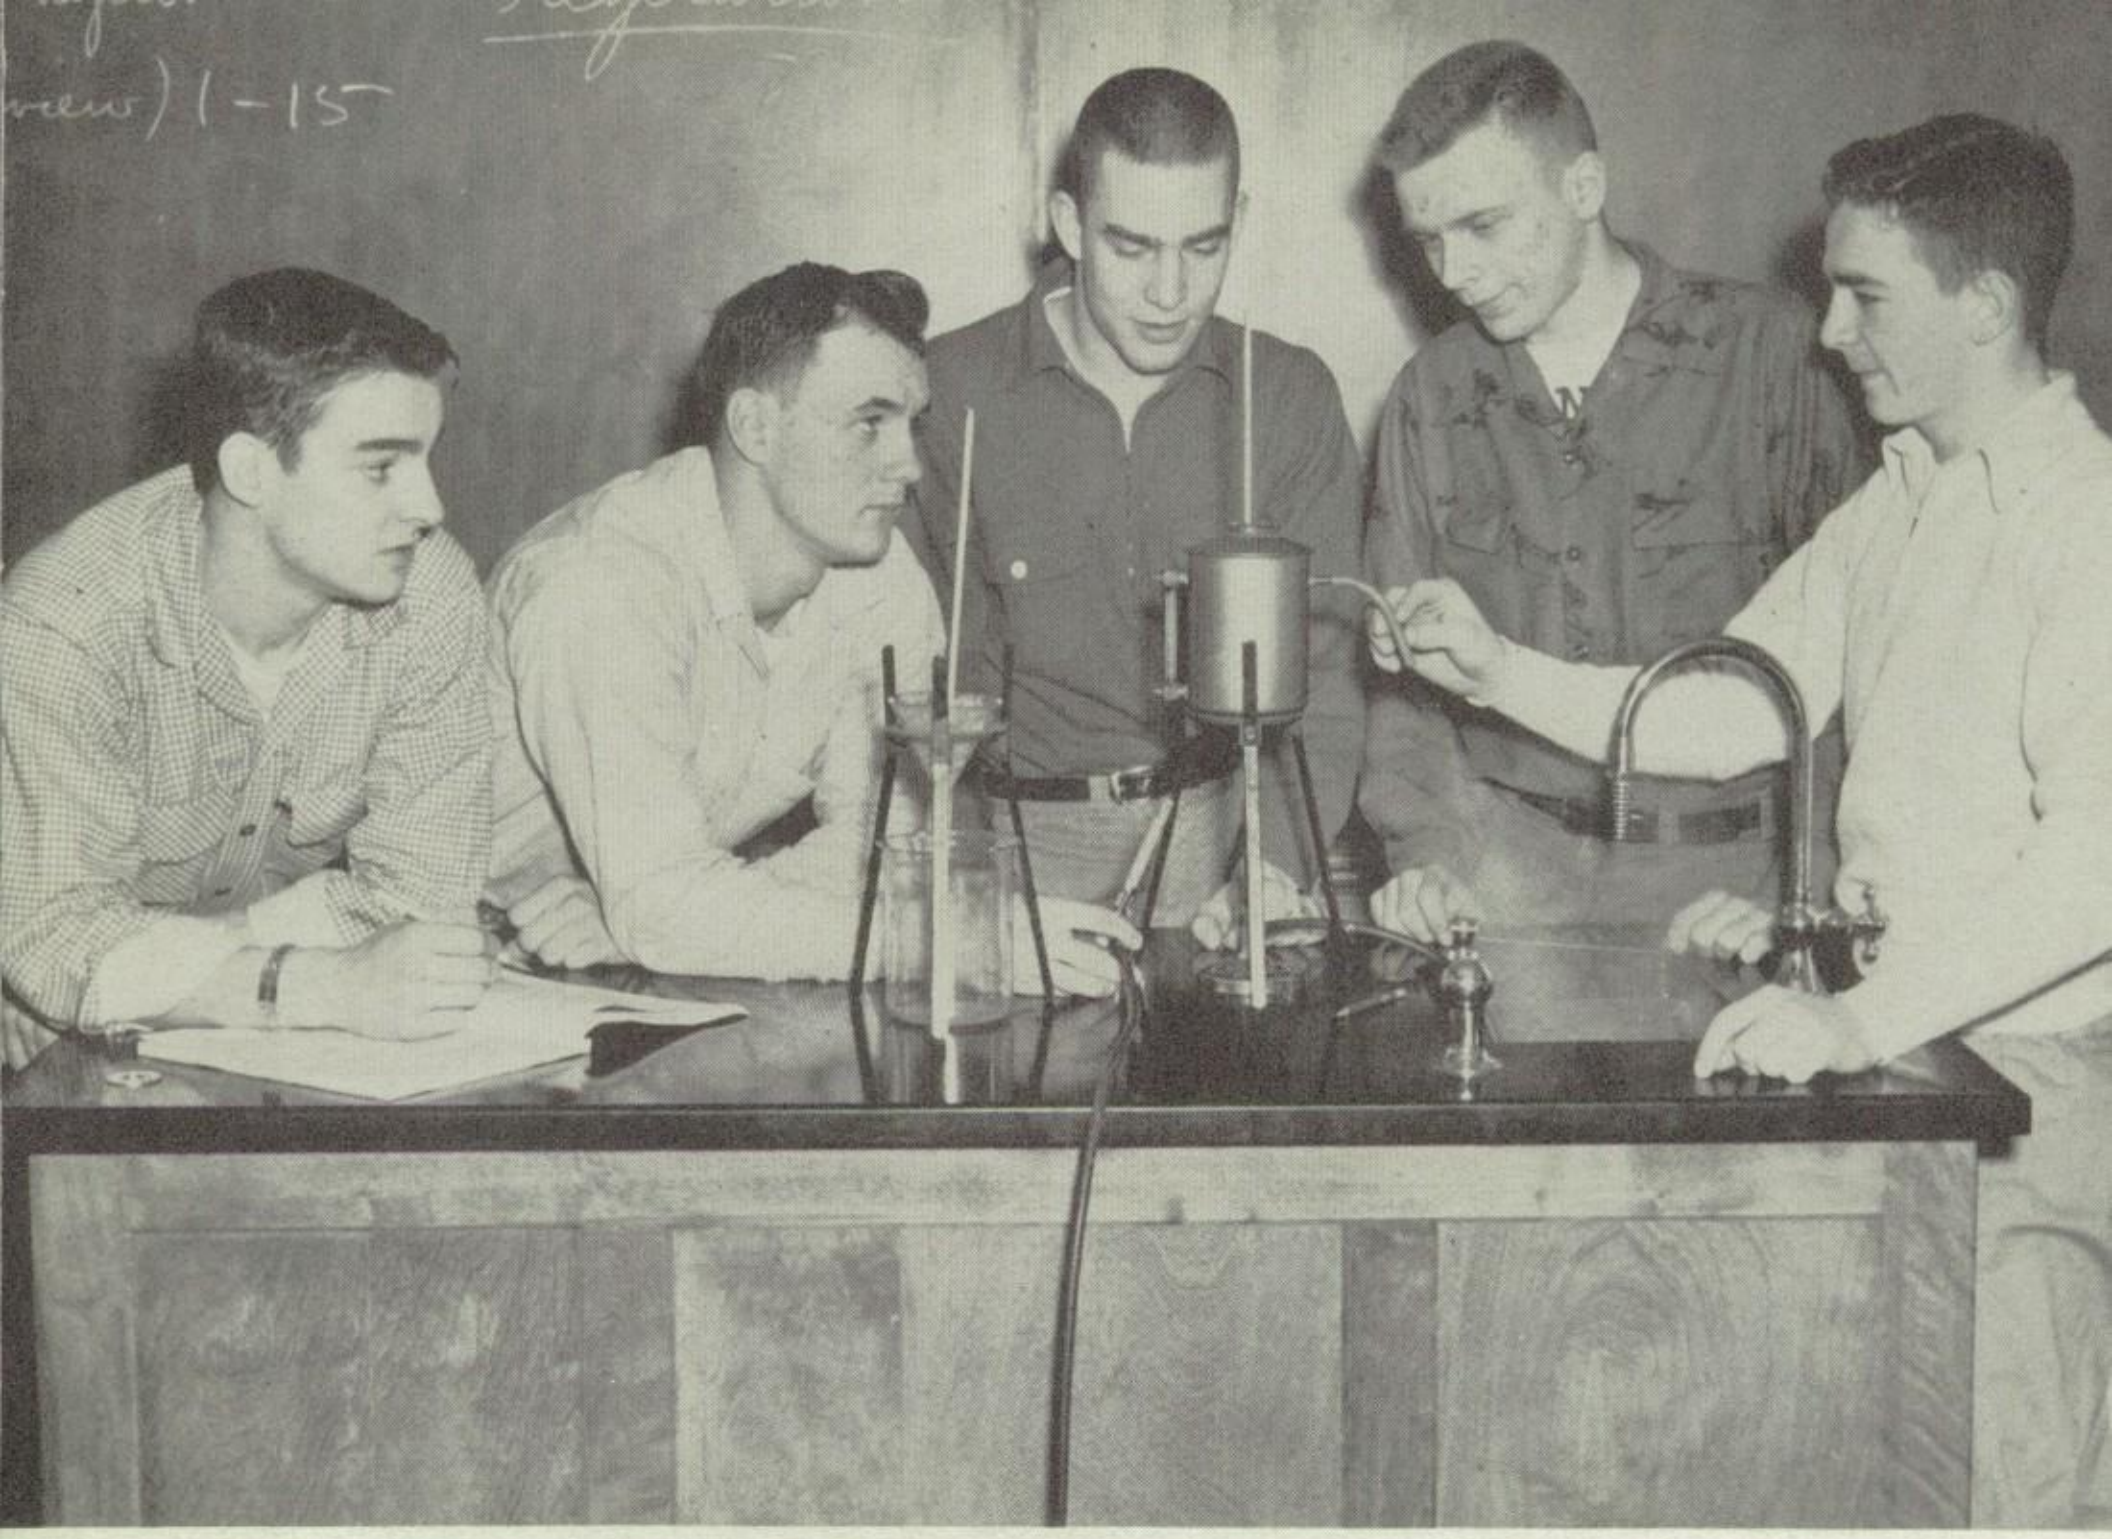
Engineering, teaching, aviation, and many others are vocations in which math plays a major part.

Learning the fundamentals of numbers is not as difficult a task as it may seem. Learning the areas and volumes of plane or solid surfaces can be easily learned by anyone.

El. Algebra students work their problems at the board, while others look on with interest.

R. Gerend, R. Charles, A. Joy, and C. Locke explain Geometry drawings to the Class.





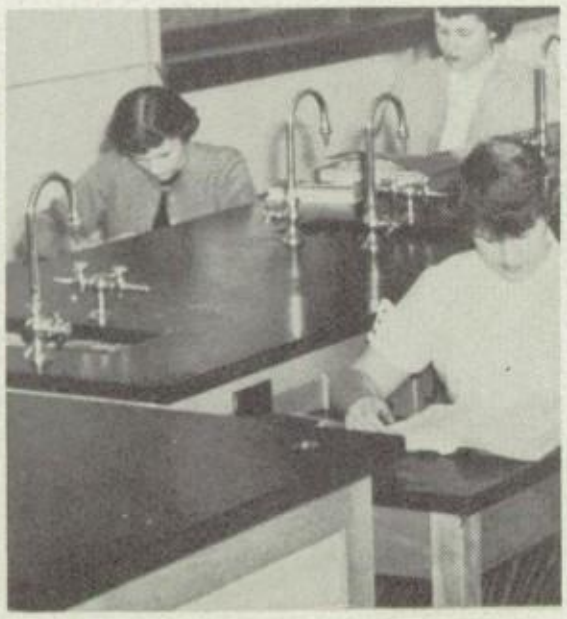
D. Langlois, R. Walk, J. Hanson, D. Lund, and G. Martz perform an experiment with heat in Physics.

This has been referred to as the Atomic Age. Should this be the case, then science has brought it about. The world today is one of high mechanization brought about by the scientific knowledge of chemists, biologists, and physicists. In their laboratories, dreams have become realities, principles have become laws, and experimentation has succeeded prejudiced presuppositions. Theirs, it is true, is a field of high specialization, but science should be and can be of knowledge and interest to all of us. This knowledge can be stimulated and furthered in high school by following courses in the scientific vein.

In Junior High School, general science is taught. This lays the foundation for advanced learning. The age old complexities that may have brothered us at one time are elementarily explained. Here the basis should be laid for further quest to the answers of the mysteries that conquered men of past eras. Today, man conquers more of nature, quicker, easier, and more inexpensively than he ever did before.

The study of Biology, Chemistry, and Physics is in a specialized field and is offered to students of the Senior High School as an elective in their curriculum. Here more experimentation is used to find the answers. The new equipment in these rooms gives to the student the tools with which these answers are obtained.

Students are both studying and performing experiments in Chemistry.



C. Sladky, J. Nicklaus, and A. Doberstein study their chemistry.

Students help to decorate the bulletin board, in honor of Be Kind to Animals week.

English

The English courses that a student is required to take are put to use in everyday living. Seeing that messages are conveyed either written or orally, a thorough knowledge of the do's and don'ts of these topics is necessary.

Behind this is the spelling, punctuation, capitalization, grammar, and usage that must be correct to convey an intelligent message to anyone. The better the command of the English language, the better the impression created. Studying other peoples and their works, makes an understanding of them clear to everyone.

J. Vermilye, T. Wondergem, R. Worm, R. Pichotte, M. Reidinger, B. Reinke, J. Schewe, K. Delaski, D. Lindbom, and B. Lindsey enjoy their first year of typing.

Commercial

Do you hear the sound of the typewriter keys, adding machines, or see the hands fluently moving across a shorthand pad? Yes, you guessed it! It's the stenography classes hard at work.

Under the able leadership of Miss Carman Savage, this department tends to give students the proper training to become future office workers. Not only do these students acquire basic fundamentals of the studies but also proper grooming and office etiquette. The Commercial Program consists of Shorthand, Typing, Bookkeeping, Psychology and Commercial Law.

G. Pettey and N. Cook work on the Comptometers.

Miss Savage dictates shorthand to her first period class as the girls write along fluently.

Home Economics

The objectives of the Home Economics Department are designed to make girls become interested in and learn about the following:

1. Responsibility in the home and in society.
2. Understanding of nutrition and skill in food preparation.
3. Care of infants and of the sick and injured.
4. Management of money in the home.
5. Care and repairs of clothing.
6. Making the home comfortable and attractive.

Infant care, clothing, foods and table service are taught to the seventh graders. In this class, the girls learn the elementary steps of many things; this enables them to become far more efficient at home.

Home Economics II deals with foods, clothing, textile study, and spending the family income.

Child care and guidance, clothing, laundry, goods, interior decoration, and family relationships are taken up in Home Ec. III and IV. These subjects prepare the girls to be independent of many jobs that someone else normally would have done for them.

In Homemaking 12, family relationship, foods, laundry, child care and guidance, and interior decoration is taken up.

The projects that the seventh graders make in sewing are pinafores and cotton skits. Knitting and embroidering is taught to those wanting to learn.

Probably the most important class is the Homemaking class. This class offers the senior girls the opportunities of learning all they possibly can before they graduate and take up the various occupations.

The Home Economics Department is under the able direction of Mrs. Wm. Holquist. Mrs. Stella Bruce and Mrs. Minnie also teach in this department.

Top: A group of seventh graders use the cooking utensils in the Home Economics department.

Bottom, left: P. Benson bathes the baby as K. Sweeney, J. Scheiner, K. Stepniak, E. Ruby, and J. Sidle intently watch and listen.

Bottom, right: S. Mueller and others cut and paste pictures for their scrap books.

Shops

All of the junior or senior high students taking any shop subject are preparing themselves for the future. The background they obtain in high school can lay the foundation for a future in journalism, brick laying, carpenter work, and others.

Print Shop students learn the different type sizes, how to set them up, and how to run the presses. The fundamentals of hand composition are taught. During the first semester the elementary steps of color and design are taught. As the student advances, he learns to operate the platen press to prepare posters, programs, tickets, the school newspaper, and all school work.

Drafting teaches designing, inking, and blueprinting. Knowledge of mechanical and architectural drawing, as well as design of houses and machinery is given to the students.

Learning the different kinds of wood is a prerequisite for Woodshop study. What the various tools are, and their use, is learned. Projects for the year are made of wood that the student has sanded, treated, and built by himself.

The basic metals and methods of working them are taught in Machine Shop. Students learn how to run the drill press, lathe, and how to solder. Their project for the year is making common hand tools for use at home.

Top: J. Dal Santo manages the steel lathe in Machine Shop.
Middle Right: Seventh graders are arranging type.
Bottom Right: R. Vieth and R. Seguin are working toward completion on a drafting project.
Bottom Left: J. Carviou and D. Jackson measure the length and width of their project.

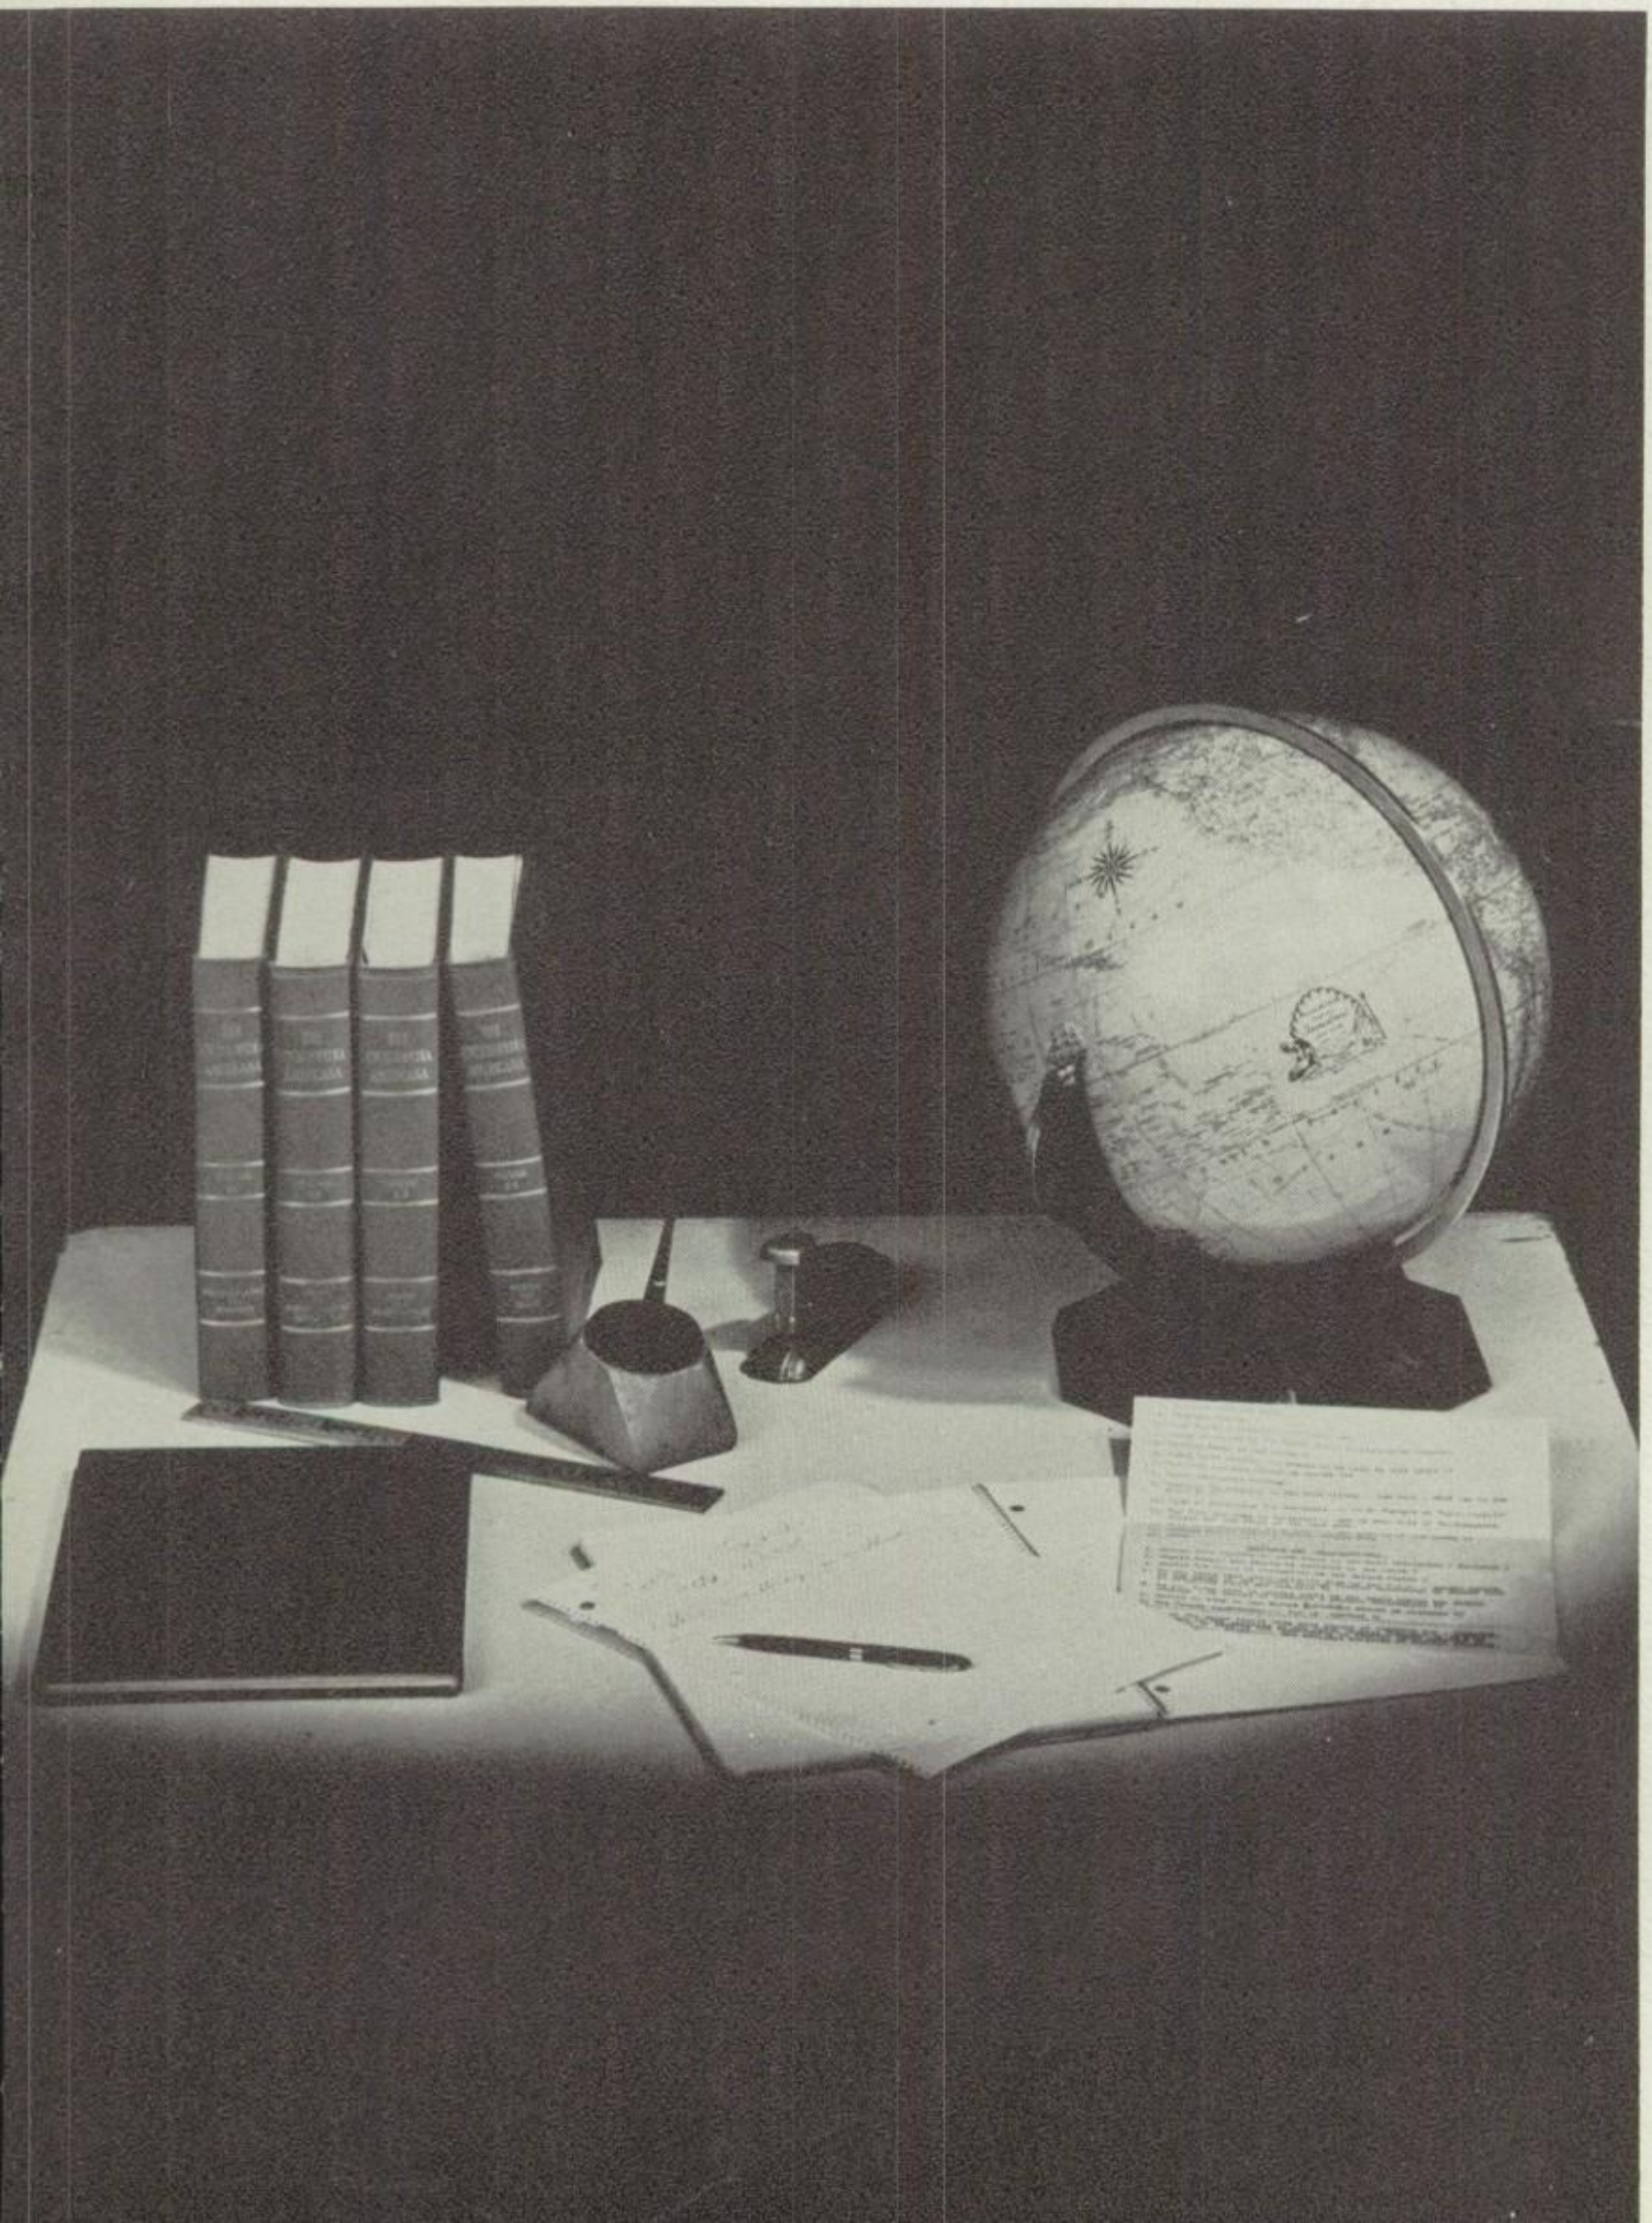
Shelly, Best of Luck to a nice guy. I'll see you around the quiz. Have fun this summer. Love, Campbell

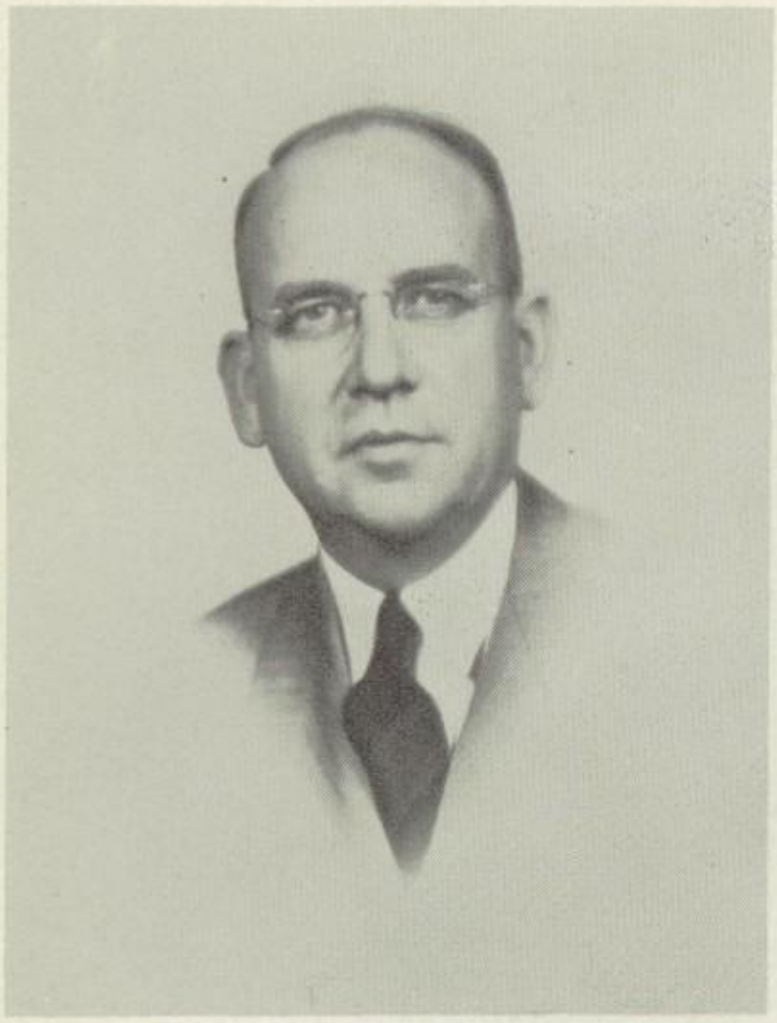
Under the able leadership of the members of the faculty at M.H.S., the students have accomplished a broader knowledge of life—both its joys and sorrows.

The faculty, further their education through lectures and constant studying at summer schools, which produces quality teachers who in turn produce quality students.



FACULTY

Administration



MR. WM. C. GODSON

The management of the Marinette Public Schools is under the most able direction of our good friend Mr. Godson. His job as superintendent is a big one, and his unfailing efforts and efficiency have made him the backbone in the operation of our school system. Mr. Godson has always kept the needs and wants of our school uppermost in his mind.

Distinguished as a leader in our community and school, he is to the students and faculty, a man of dignity and respect. With sincerest appreciation, we can proudly look to this man as a leader in whom any job can be intrusted.

Superintendent

Principal

Mr. Allen Harbort is noted for his ability to direct the activities of the students and the faculty with great care. We all have seen him on numerous occasions, and he always finds the time for a smile and a quick hello.

The job of taking under his wing, the problems of the students, must be a big one. Both students and faculty agree to the fact that there is harmony between them and our principal, who has done such a wonderful job in the short time he has been in Marinette High.

We give to him all the respect which is due him and take off our hats to a job well done.

MR. ALLEN E. HARBORT

VICE-PRINCIPAL

Mr. S. D. Byrum is looked up to by the students and faculty. His numerous duties keep him continually busy. You see him many times putting aside his work to help the students who come to him for help in solving their problems. He is always working in the best interest of both student and school.

He is Vice-Principal of Marinette High School.

Miss Golden has faithfully executed her duties as Dean of Girls. Her problems are many and her ability to straighten out the problems of the girls who come to her seeking help is appreciated. This school can rightfully say that they look to her with a great deal of admiration for a job well done.

Mrs. Schewe is a willing source of help to the students who depend on her for help. She is noted for her quiet and efficient manner in solving problems, whether they be big or small. She is a secretary in the Principal's office.

Lois Wagner is a secretary in the Principal's office. Lois is always ready to lend a willing hand to help the students who come to her. Her quick winning smile is known by all the students who come into contact with her throughout the school year.

Office Staff

Eleanor Beattie is Secretary to the Superintendent. She is a quiet and efficient person, seldom seen by some of us, as she is always applying herself to her many important duties.

Barbara Nelson is the Clerical assistant in the Superintendent's office. Her work is done with great care and accuracy such as this job requires.

A necessary part of everyone's maturity is his ability to socially succeed. For this to occur, one must be accustomed to social life. At M.H.S., the students become accustomed to this role through the quality of our own school activities. Much progress is acquired in this field by all who participate in extra curricular activity.

Debate

Resolved that . . .

The Marinette High School Varsity Debate Team this year debated the resolution: The President of the United States Should Be Elected By a Direct Vote of the People.

This organization was revived last year by Miss Betty Baima, and a larger group was under her able guidance again this year.

Besides carrying on practice debates with Menominee, appearing at local service clubs, and taking part in a discussion over WMAM, the debators sent one affirmative, and one negative team to the regional tournament in Neenah.

Robin Smith, Harry White, Beverly Manske, and Don Pazynski worked vigorously obtaining all the information they could on this resolution.

Nucleus Club

Nucleus Club meets every second and fourth week after school with Mr. Schuchart as their able advisor.

Projects in the field of first aid were encountered during the year. Some of them included: the treatment of burns, the treatment of frost bite, artificial respiration, bandages, and common injuries around the home.

Officers elected to serve the club throughout the year were: President, Bob Gerend; Vice-President, Sharon Poquette; Secretary, Grace Moore; Treasurer, Judy Peterson; Recorder, Judy Sellevold; Student Council Representative, Darlene Walker.

Forensics

Under the capable direction of Mrs. Schwartz, the Junior Forensics Club concentrated on the beginning stages of good speech deliverance to prepare its members for future excellence.

The fundamentals behind the deliverance of a speech as a solo, in a debate, or in forensics contests that include orations, extemporaneous reading and speaking are taught.

A candy sale was held during the year to raise money for the picture in the annual.

Darlene Carlson served as President. Ruth Wald was Vice-President, and Nancy Brumn, Secretary-Treasurer.

Row 2: H. Bandy, J. Cook, G. Nyman, J. Hopper, B. Derusha.

Science Club

Members of the Junior High Science Club meet every second week after school with their advisor, Mr. Kenneth Exworthy, to further their study of science.

The main objective for the year was to build a telescopic camera. All members participated in this activity.

Throughout the year visitors day was observed. This and other projects interested members of the club and aided them in increasing their scientific knowledge.

The officers elected to serve the club were: President, Bob Derusha; Vice-President, Jim Hopper; Secretary-Treasurer, Howard Bandy; Student Council, Mike Berger.

G. A. A.

Girls Athletic Association, commonly known as G.A.A. is a club composed of girls who enjoy partaking in various sports. The girls wishing to join the club, earn the necessary 100 points in any one of the following games: volleyball, football, basketball, bowling, softball, ping pong, badminton, or archery.

Initiation, usually held at the beginning of the second semester, turns out to be quite hilarious and is enjoyed by all.

For the past two years, the seniors put on a banquet for the rest of the members. At the banquet, elections are held for the following year, and M's and pins are awarded to those with a sufficient number of points.

The officers are Pat Riley, President; Sandy Mueller, Vice-President; and Alice Miller, Secretary-Treasurer.

M-Club

The purpose of the M Club is to organize the athletes of our school into a working group to help in the promotion of good will and sportsmanship. This aim was carried out under the capable direction of Dick Pichette, President. Assisting him were Dale Wagner, Vice-President; Jon Hanson, Secretary; Ron Walk, Treasurer; and Don Langlois, Student Council.

As was usual, membership in this exclusive organization was limited to those athletes who had won a major letter in some interscholastic competitive sport.

The activities engaged in this year included wearing in respect, the major M of Marinette High, thereby upholding the proud tradition for which it stands, sponsoring a dance after the M and M basketball game, and holding its annual picnic for members and faculty men.

Under Coach Marlon Batterman's guidance, this group can be complimented for doing a fine job in encouraging good spirit and sportsmanship.

Pep Club

The Pep Club, under the direction of Miss Ruth Greene, is the largest and one of the most active clubs in Marinette High. Its function is to promote good school spirit at athletic functions by means of pep rallies, skits, or plays.

Concessions are sold at the football games. The proceeds are to be used for a stove in the concession stand. Functioning primarly during the football season, the club puts enthusiasm behind the annual M & M Parade and game. They entered the float, "Let's Operate on Menominee", which won second place. They also sponsored a skit contest, whereby all the grades presented a skit at some pep rally and at the end of the season they were judged to determine the winner.

Jackie Blanchette was President; Sandy Olson was Vice-President; Susan Holmes, Secretary; Sharon Kronquist, Treasurer; and Judie Fast, Student Council Representative.

Library Council

"Do you have a library pass?" "This book is overdue." "The history books are numbered 900."

These are things you might hear any member of the Senior Library Council telling a fellow student.

The girls in this organization are assistants to the librarian advisor, Miss Lillian Bruce. During each period of the day, and after school, a member is on hand to check in books, issue them, file cards, and mend books. These and other duties are performed as a service to the school.

With Robin Smith as President; Sharon Kronquist, Vice-President; Lorna Mae Roeder, Secretary, and Susan Holmes Student Council Representative, the club completed many successful projects, ending the year with their annual spring breakfast.

Art Club

The Art Club is under the direction of Miss Swanson. Because color is such an important part of our school surroundings, the talent of this club is enjoyed by all.

At Christmas time, all the windows are painted with gay scenes; the mobile placed in the hall this year was an unusual point of interest. Many handsome bulletin boards have also been designed by these artists. Beauty in color is appreciated by all the students.

Junior Library Council

Books in the Reading Room are kept in fine order by the members of the Junior Library Council. The Junior High Library is supervised by them. This organization of younger girls learn the essentials of library work and have actual experience in carrying out the various jobs of a librarian.

This preparation enables and prepares them for later work in the Senior High Library.

Although the club is loosely organized because of the change of advisors, the members are now given great experience in library duties by Mr. Karier, their leader.

Slide rule, Square root, Cubic root, Short methods of calculation.

These terms are familiar to members of the Carterian Club who have undertaken to study them.

With Miss Margaret Thull as advisor, the group gained a greater knowledge of the intricacies of math, and enjoyed themselves at their social meetings.

The following officers led the organization in many successful projects: Robert Holm, President; Judy Sellevold, Vice-President; Diana Olson, Secretary-Treasurer; Darryl Hansen, Student Council Representative.

Latin Club

M. Kushman, A. Kamin, L. Johnson, J. Wojciehowski, and D. Seymour practice Latin transcripts.

"The Graveyard", a float entered in the M & M Parade by the Latin Club won second place. Other activities included a skit for the pep assembly for the M & M game, singing songs in Latin, especially at Christmas time, and sponsoring a dance after a basketball game.

With Miss Ruth Greene and the following officers the club was brought through the year's activities: President, Susan Holmes; Vice-President, Ardra Thomsen; Secretary, Nancy Faucett; Treasurer, Robert Ames; Student Council, Loula Georgalan.

Again this year, the organization held a Roman Banquet. They dressed in the traditional Roman costume, and had fun preparing their own dinner.

Twelfth Night

L. M. Roeder and D. Lindborn study their Lit.

P. Bashford, W. Johnson, B. Olson, and S. Kronquist served as officers.

Still working toward the goal that they set last year, Twelfth Night set out to raise funds to buy a spotlight for the auditorium. This light would be of the latest style and would benefit all organizations that put on plays or concerts. The club sponsored a dance after a basketball game and had a candy sale.

During the meetings, members gave reports, on plays, stories, and movies. Instruction on makeup, lighting, and drama work was given by Mrs. Alice Boerner, their excellent advisor.

Bruce Olson was elected President. Serving him were Sharon Kronquist, Vice-President; Wanda Johnson, Secretary-Treasurer; and Pat Bashford, Student Council Representative.

Mariners

Editor, Don Lund

J. Clermont, J. Cecil, R. Hartwig, P. Rydahl, and J. Schroeder, look over the plans carefully.

"I can't get this head to count", "Hurry up and get done with the typewriter", or "When is page one due?", were familiar remarks that can be heard when going past 305 during the first hour. The purpose of this group of journalists is to plan, compile data, and distribute the school newspaper, the Mariner.

Composing a school newspaper is not an easy job. First, the class has to decide what stories are going to go in the coming issue and what page they are going to appear on. Secondly, the stories must be assigned with the stipulation that they be in on the day of the deadline. Then the make-up sheet is planned, the length of the story, and its headline type is established. From here on, it is up to the journalist to see that his responsibility is carried out.

This year's staff is as follows:
Editor—Donald Lund.
Asst. Editor—Bruce Kingston.
News Editors—Carol Jean Gould, Joyce Schroeder.
Sports Editors—John Cecil, Bob Hartwig.
Feature Editors—Mary Trippler, Pat Rydahl.
Copy Editors—Dianne Kinne, Julie Clermont.
Business Editors—Wanda Johnson, Evelyn Sotka.

The Whipurnette staff is composed of a group of competent senior high students. Their job is getting the material and arranging it to produce the annual we all have come to know and look forward to each year.

There are many problems which are encountered before the annual can be assembled. If you have never been on this staff, you will never realize the many phases which have to be gone through to obtain even the rough layouts of the book.

The advisors of the Whipurnette Business and Editorial staffs are Mr. Brockman, and Miss Irma Berner, with Miss Miriam Frothingham acting as Advertising Head.

Hall Monitors

One of the most necessary groups of our school is the Hall Monitors. This group of students capably carries out a variety of duties during the school year. Among these duties is keeping the halls cleared during classes, collecting the attendance slips from the classrooms, giving helpful information to any strangers or visitors to our school, signing all passes of the students passing through the halls, and running helpful errands for the teachers. All these duties are performed during the monitor's free periods.

Miss Savage supervises the activities of the Monitors in the Senior High building while Mr. Schinski supervises those in the Junior High building.

Student Council

The governing body of students completed a very successful year under the supervision of its new advisor, Mr. Harbort, as well as that of Mr. Byrum. The Student Council consists of a representative from each class, homeroom, and club or organization. These representatives are selected by the students.

Among the various duties performed by the members of the Council this year were the deciding of the details of the M & M activities, its usual details of working to make our school life a better one, and of course, its main project, the drive to collect colthing for the Save A Child Federation.

Capably filling the office of President was Gerald Martz. Assisting him were John Berg, Vice-President; and Joyce Nicklaus, Secretary-Treasurer.

22 Seniors Receive Honors

NATIONAL HONOR SOCIETY

Outstanding in our school's activities are members of the National Honor Society. Locally, the election is made by the Faculty Honors Committee on the basis of a point system. Ninety per cent of a student's eligibility is scholastic records; ten per cent is rating in extra-curricular activities. The most important projects of the year were granting a Good Citizen award and providing money for the Student Loan Fund. Miss Golden supervises the organization. The officer personnel was Ardra Thomsen, President; Richard Pichette, Sharon Kronquist, Barbara Kronquist, and Sandy Olson assisted her.

Foot-lights

This year this Junior High Drama Club was under the direction of Miss Hildahl. This energetic group puts on their own plays and supervises the production from casting, to scenery, to presentation.

This year their play was presented for a Junior High assembly. In the spring of the year this group presents a play for the visiting, prospective seventh and ninth grade students.

The training that this group receives in their early years is valuable later on in high school as they convey their attitudes in the oral manner. Some conquering of fright in appearance of a group, helps later on in speech, in singing, in forensic work, and in all other classes.

Money was raised by means of a candy sale to which all members contributed.

Serving as President was Shelly Friedstein. Assisting him were Mike Berger and Cindy Istas.

Boys' Glee Club

"Drink, drink!" Anyone passing 307 on Wednesday will probably stop and think about what he is hearing. This is just the Boys Glee Club practicing a song for their spring concert. Along with the "Drinking Song", they performed "The Surrey With a Fringe on Top", "Tenderly", "Stout Hearted Men", and "There's Nothing Like a Dame".

This organization composed of senior high boys has been in existence only two years. The wonderful job done at the spring concert firmly assured everyone that this Glee Club is here to stay.

Under the direction of Miss Lucille Austin, the group sang for the Founders Day program, and various members performed at organizations' dinners. Dave Lindbom served as President. Ron Kallquist and Leon Setunsky with him.

Mixed Chorus

"I'm not going to let you alone until you've got it," was a familiar phrase heard coming from the director of our singing groups. That is just what went on all year in the choir. Persistent and never-ceasing practice brought forth many pleasing results and satisfaction as a reward for the efforts of the vocalists as well as those of the director, Miss Austin.

This year's schedule consisted of a large variety of numbers from the beautiful sacred carols to novelty and popular songs. Probably the best remembered will be that fascinating arrangement of "The Night Before Christmas", which was capably sung and acted out at the Christmas concert. Also competently done were "A Thing of Beauty" and "All Breathing Life", which were among the intricate festival selections.

Sharon Arts, Joy Peters, Wanda Johnson, Sharon Kronquist, Judy Fast, Dorothy Marcek, Julie Clermont, Gail Berger, Sally Christensen, Joyce Schroeder, make up the sparkling Triple Trio.

Girls' Glee Club

Anyone passing Room 307 during the third period on a Tuesday or Thursday would have been privileged to feel the thrill that comes from hearing over one hundred girls' voices blended together into many beautiful selections. This singing group is composed of girls from the freshman to the senior classes and is directed by Miss Lucille Austin.

This year, the Glee Club performed a variety of numbers for the Christmas and Spring concerts, as well as the annual music festival. Much effort and concentration and practice were necessary for the members of this large group to present their songs as well as they did. Evidence of their work and success was shown at their concerts.

Band

Mr. Kenneth Emmons again directed the Marinette High School band in completing another successful year.

They provided music as well as half time entertinment for our football games and put on a clever skit at the annual M & M game. They brought music and a good cheering action to our basketball games.

Besides playing for these sporting events, they gave two concerts, one at Christmas time and one in the Spring of the year. The band also played for the parade given for Mr. Higley in the fall and participated in the music festival at Niagara.

The officers elected were: President, Robert Ames; Vice-President, Richard Charles; Secretary-Treasurer, Mary Trippler.

The Marinette High School orchestra under their new director, Miss Alexander, again provided wonderful music for our class plays and concerts. Along with the vocal groups and the band, they played at the Christmas and Spring Concert.

The following officers were elected: President, Robert Gerend; Vice-President, Ruth Laabs; Secretary-Treasurer, Donald Gerend; Student Council, Ronald Christian; Student Director, Judy Skowland.

The orchestra also performed at the music festival in Niagara, completing their musical program for the year.

Spanish Club

Spanish Club was reorganized this year under the able direction of Miss Baima. This club is composed of those Spanish students who wish to further their knowledge of the Latin American neighbors. Meetings were held on special occasions when important business came up.

The dance sponsored by this group was a huge success. The members of this club have made themselves felt around MHS and the future promises more appearances from them.

Its officers for this year are: Judie Fast, President; Robin Smith, Vice-President; Connie Hubbard, Secretary-Treasurer; and Don Pazynski, Student Council.

Rifle Club

Ready, aim, fire! These words are often heard during practice of the Rifle Club. For any interested student of Junior or Senior High, this could be tabbed the "Safety Club". Here, the safety of handling guns is taught and stressed along with explanation of the parts of a gun.

During the year a match was held with Menominee High to provide the members with practical experience. A dance, which proved to be a success, was sponsored in the fall.

In the absence of former organizer Mr. Madary, Mr. Schinski, Mr. Comeaux, and Mr. Krumheuer proved to be a valuable training assets for the club.

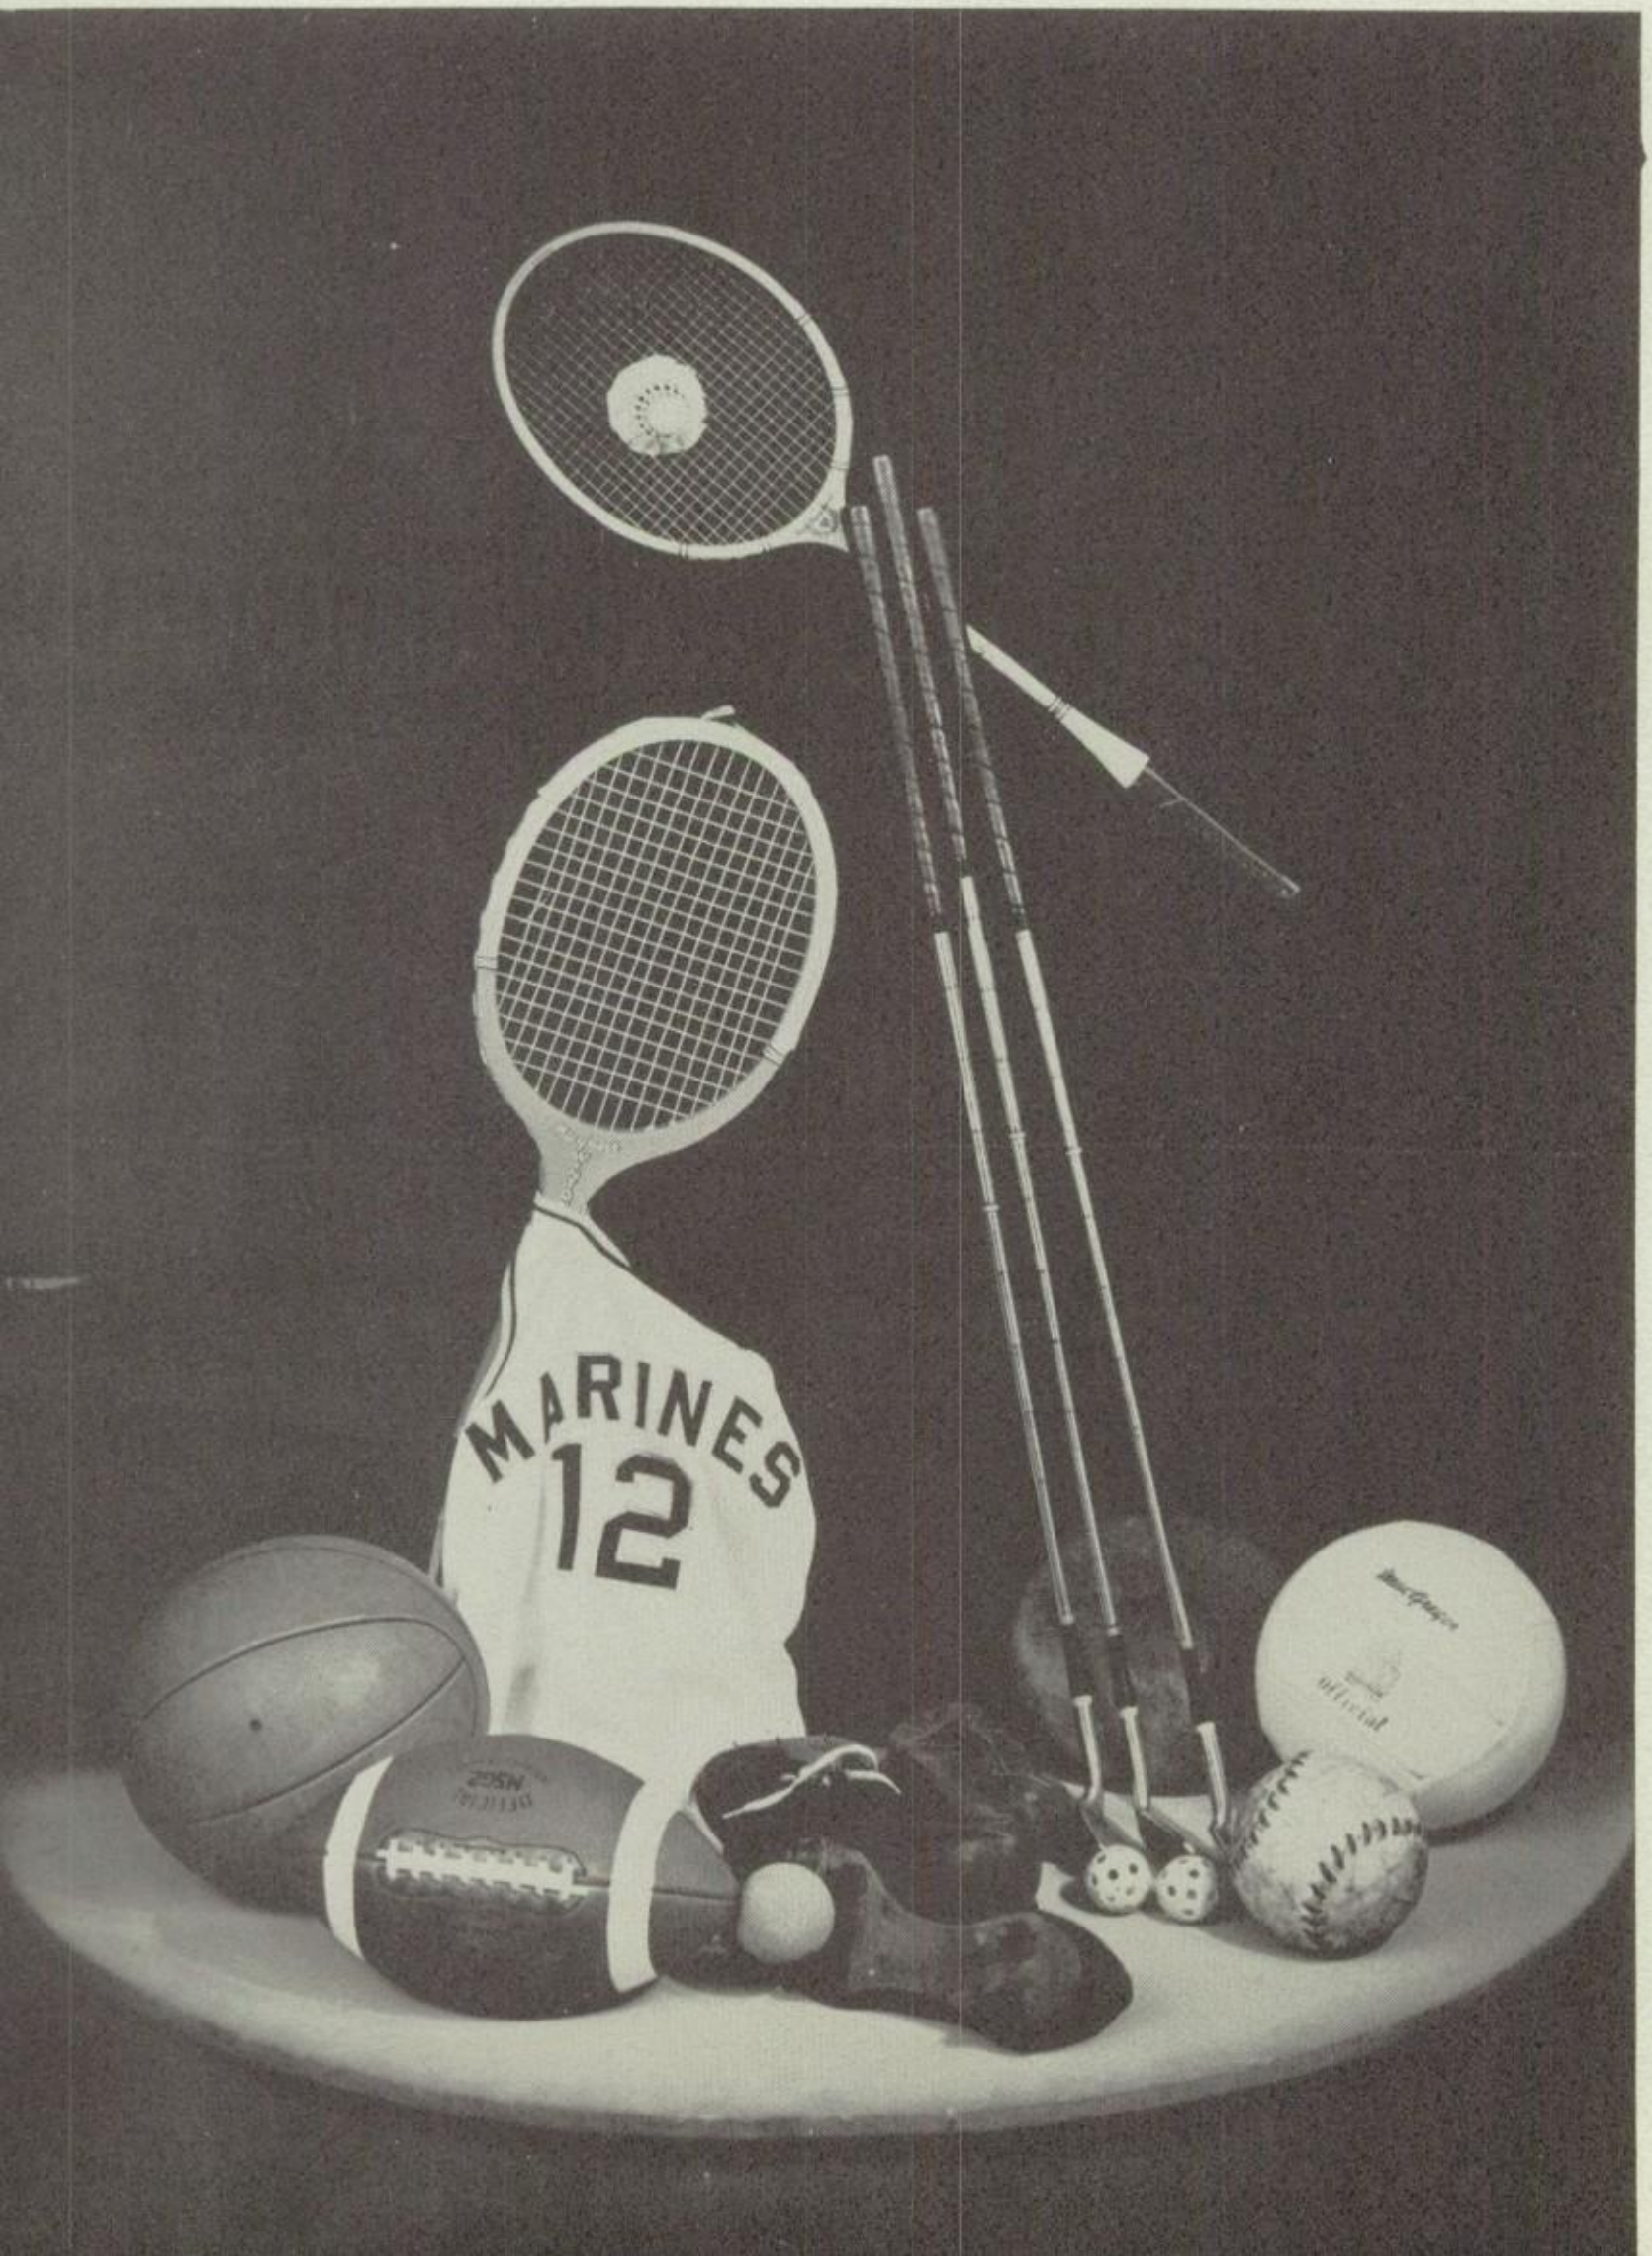
RICHARD W. VIETH

In Memoriam....

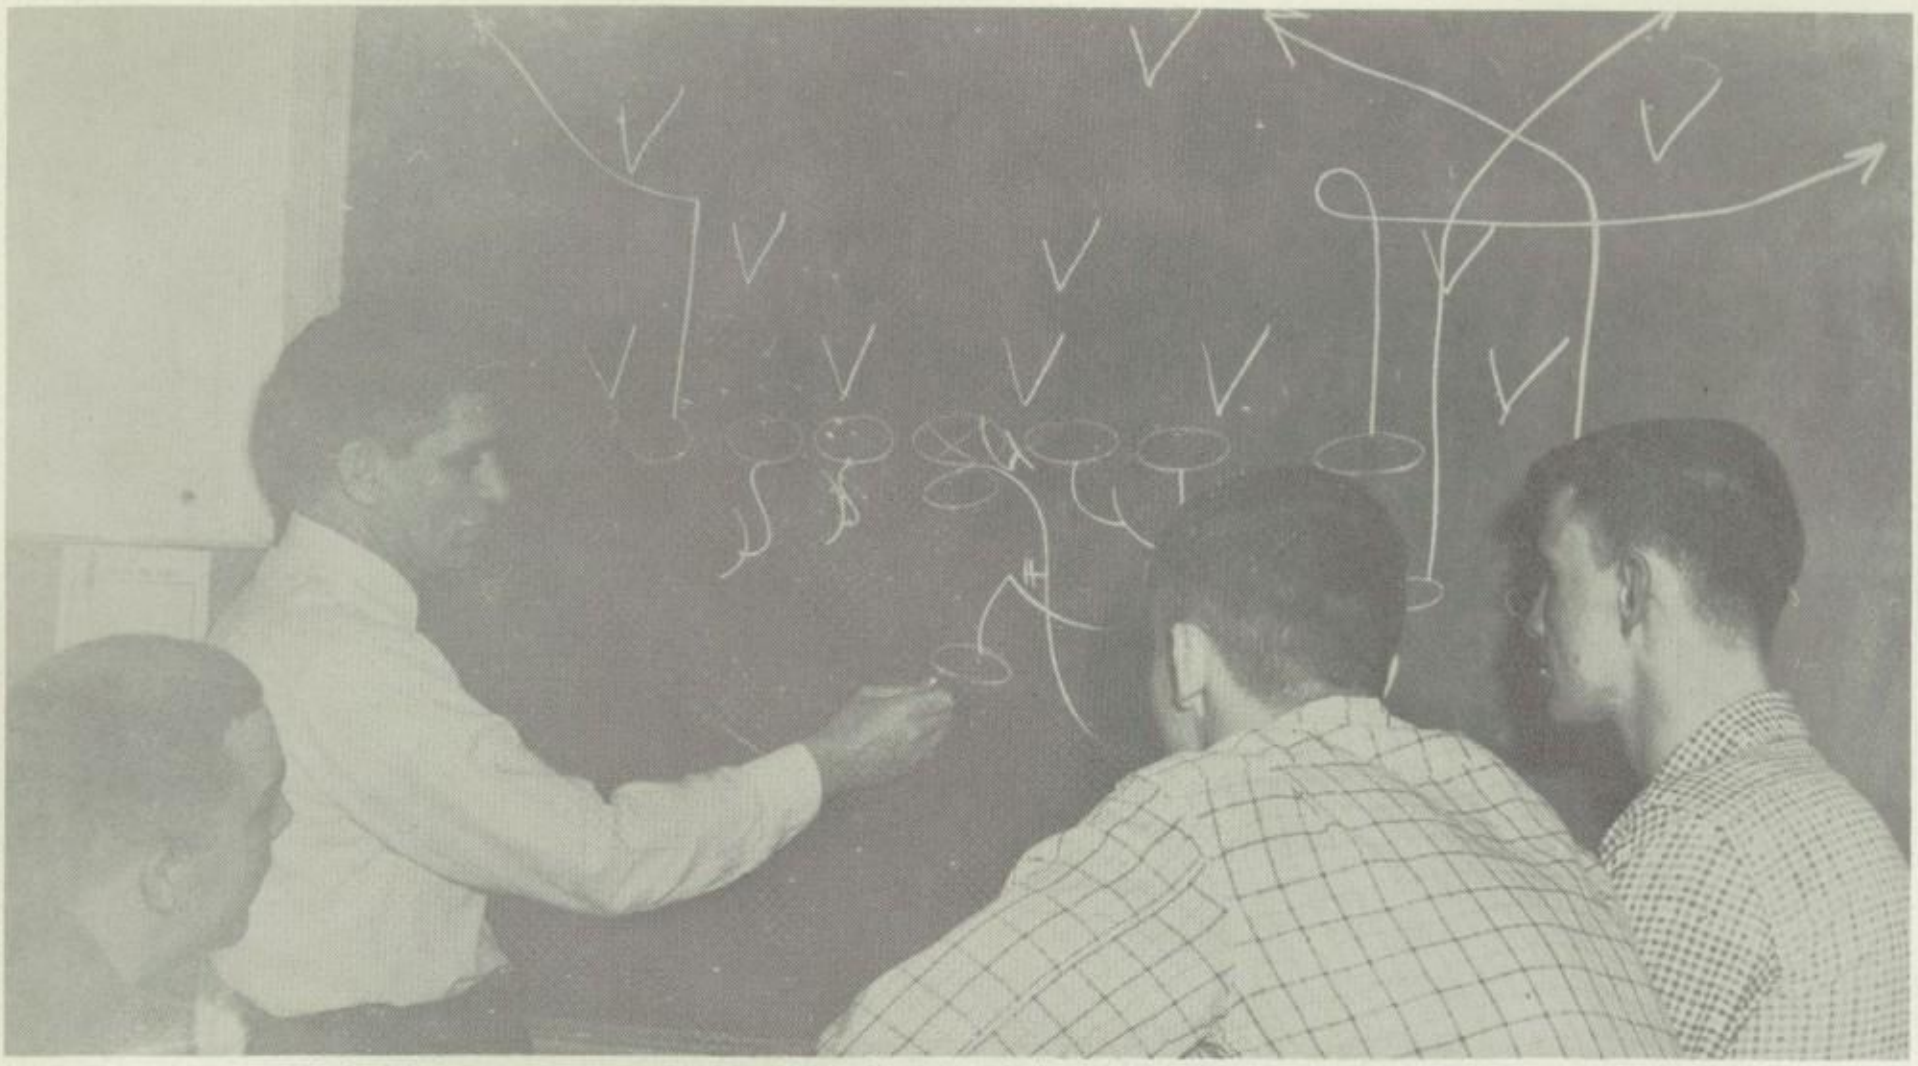
Tragedy struck the Edward Vieth family and Marinette High School on February 21st, when Richard Vieth was killed in an auto accident. Dick's sunny disposition and cheery smile were with him whenever he went. His absence leaves an unfillable void in the roll of the Junior Class.

Good luck to a
swell kid in the 10th
grade. I hope you can
make good in sports Lefty

Hardy study and good application is just as important in sports as it is in school subjects. Only physically and mentally sound athletes make up consistently good teams. There, as in every other field, progress is made through quality.



SPORTS



Coach Batterman gives Fritz Hanson, Don Langlois, and Bob Nelson last minute instructions before the big game.

VARSITY

Head football coach Marlon Batterman led his Marine Varsity Squad through one of the roughest-toughest schedules that a Marinette High School team has ever played. Coach Batterman piloted his Marine team through a season of 7 victories against only 2 defeats, racking up a total of 164 points to the opponents total of 64 points.

Coming from Wautoma, Mr. Batterman is certainly a very welcome addition to our athletic department. Undisputedly a great coach, he deserves a great deal of credit for the success of this year's football season, and we hope that he will be with us for many more seasons.

Fritz Hanson takes pitch-out from Carl Sievert.

First Quarter

Menominee jumped out to an early first quarter lead when Bill Krah carried the ball over on a quarterback sneak which netted the Maroons their first and only touchdown. With Krah holding Bill Caley booted the extra point. Carl Sievert returned the kick-off to the Marinette 28 where he was stopped by John Sharkus.

Second Quarter

Early in the second quarter Rollie Baumgarten stepped off three yards and Jon Hanson picked up eight for a first down. After a 15 yard penalty for illegal use of the hands Don Mudrak tossed a screen pass to Hanson and he marched to the Menominee 6 yard line for a gain of 55 yards. From there Mudrak scored on a quarterback sneak. Jack Vermilye's placement sailed to the right of the goal posts. Guy Vogel returned Dan Kunesh's kick-off to the Menominee 31. A pass from Mudrak to Sievert was complete but the play lost four yards. Kunesh made a hard try for Baumgarten's pass but the ball just got off his finger tips. Sievert's pass intended for Hanson was incomplete and Baumgarten hit the line for one yard on a fourth down try Peshek made five yards on the final play of the first half.

Third Quarter

Don Langlois took Caley's kick-off and returned it to the Marinette 31 yard line. On the next play Hanson went to his left and covered 69 yards for the touchdown. Vermilye's placement was no good. Vogel returned the kick-off to the 20 and Menominee lost the ball on downs. A few plays later Hanson gained a yard but Baumgarten was caught for a 13 yard loss.

Fourth Quarter

On the first play of the final period Skip Wagner intercepted a pass by Krah and returned the ball to the Menominee 36. Hanson ground out four yards and then wheeled for 25 yards for a first down on the Menominee seven yard line. Sievert plowed for a yard and passes by Baumgarten and Sievert were incomplete to give the Menominee team possession on its own 6. Line plays by Krah, Gratto, and Caley made only two yards and DeDamos punted out of bounds on a short kick which carried to the Menominee 12. After two plays lost four yards and an incompleted pass Sievert picked up eight yards on a run to the left but it was short of a first down and Menominee took over on its own eight. Krah and Peshek registered eight yards on the ground and Vogel punted to Bunda who was downed on the Menominee 39. Sievert ran for 2 and then threw 2 incomplete passes in the end zone. One of these passes to Lund and the other to Kunesh completing the game.

This year's Junior Varsity team under the direction of Mr. Ralph Schinski, and Mr. William Joslin has gained great recognition and prestige by their splendid record. Some of the stars who glittered through the past season were: Alan Miller, Jack Pazadera, Dick Enstrom, Bill Krause, and Tom LaFountain. In the line future greats such as Jim Ramsay, Wayne Johnson, Wes LaFever, Bob Lindbom, Ken Nylund, and many more added to the all-star cast of fine performers. This year's team was led mainly by the sophomores and got good support from the freshmen. We salute the future stars of MHS.

SEASON

Carl Sievert hands the baton to Dick Peterson in the mile relay.

"Boo" Sunstrom tries for new school mark in the running broad jump.

The Marinette high school track squad dropped a two-point decision to Green Bay East, 57½ to 55½, in a dual meet at City stadium in Green Bay.

The Marines could have gained a tie with the East club as the final event decided the meet. With the broad jump concluding the meet, the Marines were battling for a win but Green Bay captured second and third behind winner Jim Schmidt of the Marines to gain the slim edge of victory. A third for Marinette would have deadlocked the score.

Schmidt led Marinette with three firsts. He sailed over the high hurdles in 16.2 seconds ahead of Marinette's Dick Peterson and East's Jerry Gribble. Schmidt also led the way in the 200-yard low hurdles to win over Larry Zingler of East and Peterson.

In the second meet of the season the Marines evened its season record at one won and one defeat. The Marines topped the Peshtigo prep harriers, 66 to 47, in a dual meet at Lauerman field here. The loss left Peshtigo with a one and one record also.

The final event of the afternoon provided one of the meet's highlights as the Peshtigo half mile relay team came from far behind to defeat the Marine baton carriers. Responsibility for the victory rests on the shoulders of Red Neumann, the Peshtigo speedster. Neumann took over the final leg with the Peshtigo team trailing by 15 yards but he closed the gap and edged out Dick Peterson at the tape by inches.

Though the season was not one of the best that the Marines have ever seen, Bruce Basler, 1953-54 Varsity Basketball Coach, worked hard with his team and did his best to help them come out on top. He is deserving of a great deal of credit for the long hours of practice he put in with the boys.

However there was one high spot in this season's play. The Marines rolled over the Menominee Maroons to give Coach Basler membership in the Century Club, for winning his one hundredth basketball game. Mr. Basler rates a lot of credit for the hard work and devotion he has given to his players.

Shawano High School had too many guns for the Marines and the local prep cagers dropped a 58 to 41 decision in the season inaugural at Marinette.

The loss to a traditional court foe was a disappointing one for the Marines but not discouraging. The Marines suffered in the rebounding department, especially on the offense side, and several times Marinette passed into the hands of Shawano.

Coach Bruce Basler opened the game with five seniors, Don Lund, Rollie Baumgarten, Rog. Peters, Carl Sievert, and Dick LaPerriere.

The Marines ran into a hot Clintonville team and the squad was defeated by the Truckers, 74 to 58. The Baslermen displayed marked improvement in their second game of the season.

A victory seemed to be on the way in the third game of the season but the Escanaba team came from behind to tie up the game and go into an overtime. The final outcome was in favor of the Eskymos, 49 to 43.

Marinette High School basketball team wrote a brilliant chapter in the 1953-54 season when Coach Bruce Basler's Marines turned back a favored Menominee quintet, by a very convincing score of 55-44.

The victory by the Marinette cagers extended the skein of wins over the Maroons at the local court to seventeen years. Menominee last posted a victory at the Marinette court in 1937. The Marines also presented Coach Basler with his 100th win as Head Basketball Coach here at MHS.

Marinette High School basketball Marines, remembering a stinging 54-46 defeat at the hands of the Peshtigo Bulldogs earlier this season, later secured a 64-48 over the invaders in the Marinette gymnasium.

Coach Ron Blomberg's squad, given honorable mention in the Little Sixteen section of the Wisconsin interscholastic athletic association ratings, found the Marines tough customers all the way.

Except for the opening minutes of play when the Bulldogs knotted the count four times with a final deadlock of 7-7, the Marines held the lead, augmented by scoring drives in the first and fourth quarters.

Freshman Basketball

Jerry Nast jumps high into the air to snag a Menominee rebound.

Tom LaFountain insures Marinette of a win as he drops in his lay-up.

Bob Dreier nets two points on a nice jump.

Freshman

The Freshmen cagers wrapped up a successful campaign with a won and lost record of 8 victories and 2 defeats. Leading the "Frosh" this season were the future MHS greats who will bring the 1957 Varsity to a spirit which has prevailed through this year's Freshman squad. This year's leaders were Tom LaFountain, Bob Dreier, Jerry Nast, Jim Hass, Jack Pazdera, Ken Boettcher, and Pete Woods. This year as last the Frosh came in second best in the eight team Freshman conference. Marinette's two losses were to league leader, Menominee and to third place holder Oconto Falls.

Junior Varsity

The Marinette Junior Marines saw some of the stiffest action that a J. V. team has.

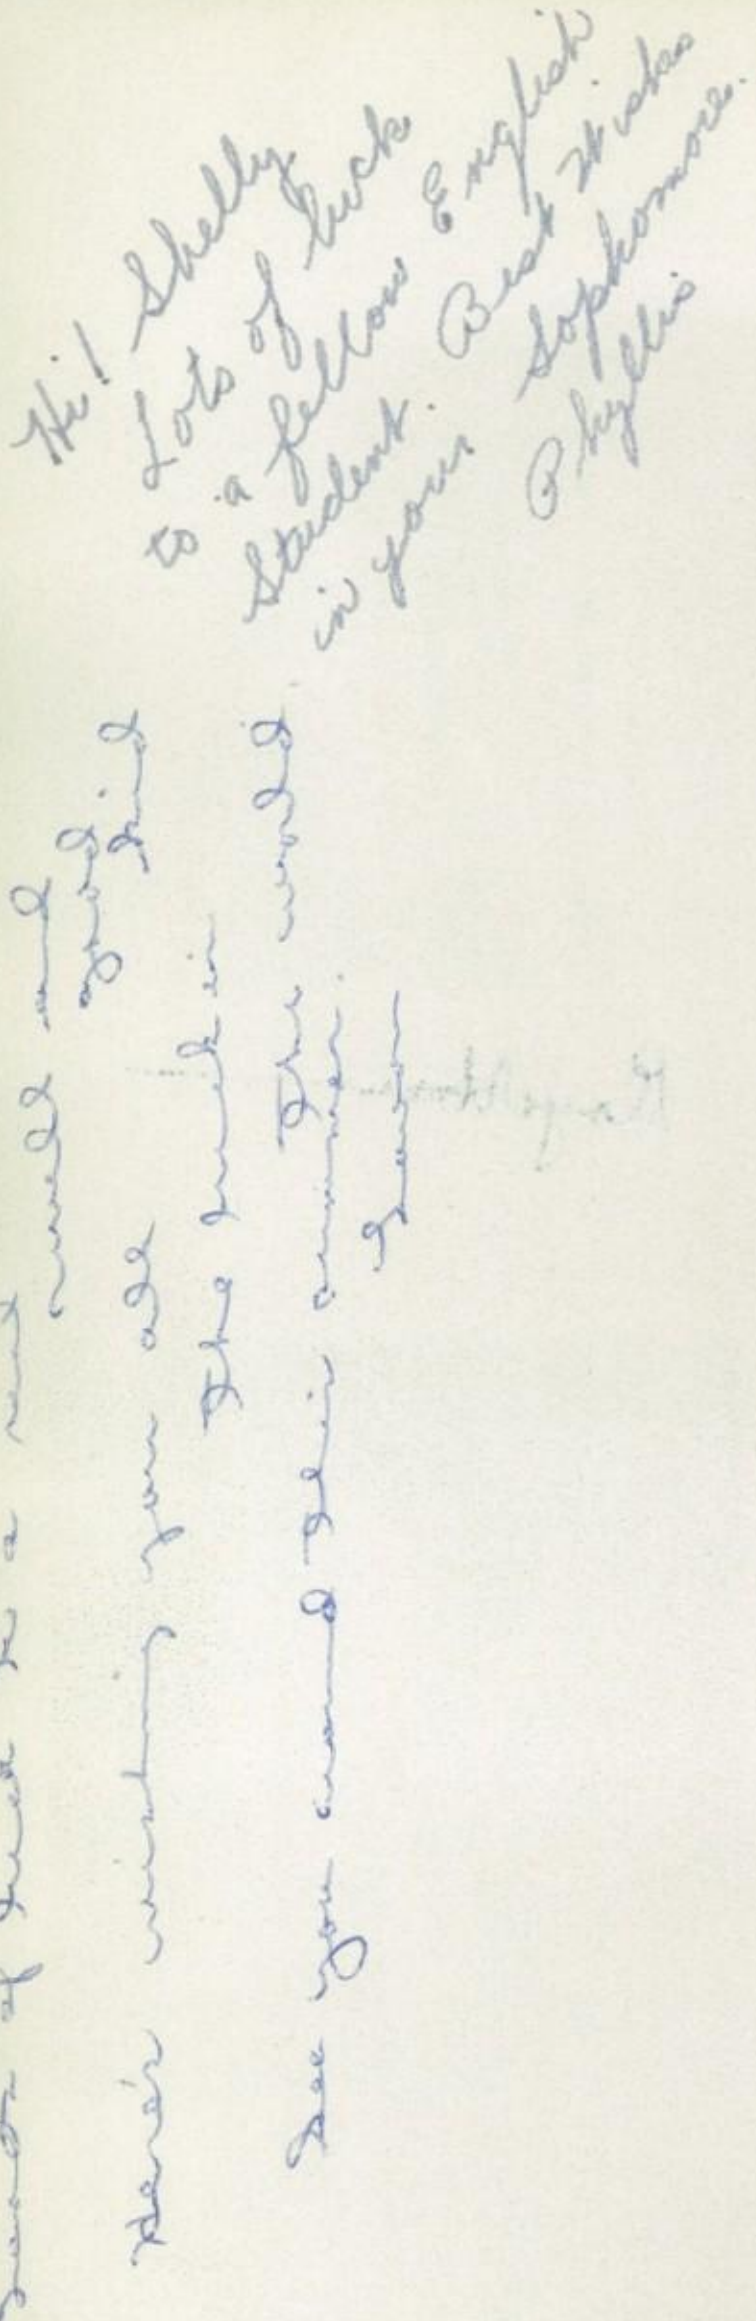
The Marinette Junior Varsity although they didn't manage to get top honors in basketball, played a very stiff schedule.

This J. V. team, under the coaching of Bill Joslin dropped fourteen out of their seventeen games.

The highlights of their four wins were against Oconto, when G. Bunda scored 26 points, and against Peshtigo when Bob Lindbom had 18, and against Lourdes when Wes LaFever scored 24. Another of their wins was when the whole J. V. team excelled against Niagara with a score of 41-24.

The 1956 Varsity will highlight such players as Allan Miller, Barton Libal, Bob Lindbom, and Wes LeFever.

Again Coach Lloyd Harmon led his freshman cagers through another very successful season on the basketball court. The boys made a fine record of 8 victories and 2 defeats in this year's play. With Mr. Harmon teaching them the fundamentals of the game the boys are developing into fine future MHS Varsity basketball stars.



Collectively the classes of MHS are large. Individually each class is not so big that its members do not know one another. Still further sub-divided, each member is composed of all those elements that make his personality. These include complexity, alertness, temperament, cadence, and pliability. If these elements are properly advanced, then the student cannot help but progress happily through school, and through life.

Progress is made through the quality of the individual's personality.

CLASSES

Junior High Class Officers

Seventh Grade

Measure all things in quality rather than in quantity. This adage would certainly apply to the seventh graders—newcomers to our school. Although they are not a group large in number, the projects undertaken, were well planned and carried out. They led the honor rolls many times and led the magazine campaign. This proved to the rest of the school that in future years, the members of this class will exhibit good values in scholarship, leadership, and dependability.

Under the leadership of Miss Krohn, class advisor, this class received its first guidance in cooperation, initiative, and perseverance.

They elected as their class officers: Alice Exworthy, President; Patsy Pazdera, Vice-President; Toni Mensing, Secretary; Sue Peterson, Treasurer; and Earl Molander, Student Council Representative.

Left: P. Pazdera, T. Mensing, A. Exworthy, S. Peterson, R. Molander.

Eighth Grade

After one year in MHS, the eighth graders have demonstrated that they can hold their own in sports, school work, and leadership. They place high on the honor roll and diligently strive to make the magazine drive a success. In their year in junior high, they have learned to get along with fellow classmates, and how to prepare for future citizenship by means of diligent study and good application.

The class functioned under the supervision of Mrs. Schwartz, advisor. Charles Tebo was elected President; Peter Messenger, Vice-President; Don Pearson, Secretary; Andy Genszler, Treasurer; and Fred Litts, Student Council Representative.

Right: C. Tebo, P. Messenger, A. Genszler, F. Litts, D. Pearson.

"Good luck to a good "Jacket" with all my support."
Tom D. Johnson

"Who have you got this hour?", "Are you going to gym now?", "I can't open my locker!" These statements were noisly resounded at the beginning of school by members of the freshman class. As usual they were off to a flying start despite their newness to surroundings. Their ability was shown not only in school marks but, also in the zest with which they undertook their various duties. Their class picnic was enjoyed by all. This beginning group showed both quality and quantity in everything that the class participated in as a group.

Mr. Comeaux guided these students through their first endeavor at the work needed to obtain the most from their secondary education. In the fall they elected Tom LaFountain, President; Kenneth Rupert, Vice-President; Pat Danner, Secretary; Jim Wojciehowski, Treasurer; and Don Seymour, Student Council Representative.

Tenth Grade
Class of "56"

The sophomore class is a veteran of two years at MHS. Behind them are the "green freshman" days, their lockers in junior high, and those teachers that taught general science, algebra, citizenship, and English I. Their friendships made and broken, the parties attended, the games that their classmates won or lost are now memories that will become almost extinct as the years go by. Ahead of them are harder subjects, new teachers and friends, and many new experiences and responsibilities.

The annual sophomore class party was enjoyed by all. Mr. Brockman and Mr. Harmon were class advisors. Class officers were: Allen Joy, President; Jim Ramsay, Vice-President; Lin Winnekins, Secretary; Joan Seguin, Treasurer; Robert Holm, Student Council Representative.

Eleventh Grade
Class of "55"

The third step up the ladder in high school is the junior year. Here, as in advance study, the general curriculum is in the minority and an elective field holds the majority. Specialized training in subjects that will prepare the young student for his future vocation is begun in this year. The influence that a student receives from his teacher and from the subject determines most of his attitudes toward this field of work and how well he will succeed in it.

The Junior Class of MHS has come a long way from its freshman days. The extreme point of activity was reached this year by presentation of "Turn Back the Clock", a rollicking comedy play, and the prom—a fitting send off to the seniors.

Supervising this activity was Miss Mary Forthun, class advisor. Bruce Olson served as President; John Berg as Vice-President; Gail Berger, Secretary; Don Mudrak, Treasurer; and Jim Ihler, Student Council Representative.

The Seniors at MHS have had access to the many opportunities open to them for four years. As they go out into the many walks of life, their success will hinge on the knowledge absorbed in high school. We hope they will apply this knowledge, plus the initiative, sense of values, and responsibilities that they have been taught, and that they will progress, through quality, for many years to come. They must remember that without quality there is no progress, just as there is no reasoning without facts.

Hi Shelly,
Been nice to know you. We sure did have fun in study Hall 209. I hope to have you in some of my classes next year. Take it easy on the girls.

Best of Luck in the future Hope to see you this summer
Love

The members of the 1954 graduating class take along with them many memories of friends, good times, and hard work; gratitudes for all the help obtained from teachers, fellow classmates, and parents; many regrets of sharp spoken words, a broken friendship, or lack of subject selection and studying.

In spite of this, reminiscing over the past four years any Senior would admit that it has been time profitably and enjoyably spent. They would certainly remember the sounding success of "Life With Father," under the direction of Miss Fothun, which gave the seniors their last fling at drama. The last high school prom that they will attend was sponsored by the juniors —a fitting send off to a wonderful year.

The year progressed and prospered under the guidance of the class officers. Almost unanimously elected to the prized office of class President was Gerald Martz. Serving with him were Roger Peters, Vice-President; Don Langlois, Secretary; Don Lund, Treasurer; and Dale Wagner, Student Council Representative.

To: THE MARINETTE HIGH SCHOOL GRADUATING CLASS

Subject: "QUALITY RIGHT, FUTURE BRIGHT"

Dear Friends:

CONGRATULATIONS to the Class of '54 on your graduation.

CONGRATULATIONS to the Yearbook Staff on selecting the theme "Progress through Quality."

We know the class of '54 has put "Quality" in their product, their ability, their knowledge.

We know you will all be successful while you follow the "Quality" concept.

SCOTT PAPER COMPANY has progressed for 75 years through the quality of their products. We at Marinette are happy to be part of the great Scott Paper Company family, adhering to the "Quality" concept, manufacturing these quality products for Scott Paper Company, Chester, Pennsylvania.

New Horizons:

It is trite, but true—there just never was a time in the history of the world when there were so many horizons opening—and waiting for enthusiastic people.

It is also true that young people are the world's enthusiastic people. Let the old timers mourn the passing of the frontier—the end of "free land," the fact that the world's far places are but a few hours away from anywhere else, to-day! The mere fact that there is a new tempo in electronics, aviation, in food science, in medicine, in metals, and many other things; all this points just one way.

The opportunities that to-day's graduates face are more and greater than ever before. Lauerman's congratulate you upon being to-day's graduates . . . . and they take this opportunity to join the rest of your friends in saying "Good Luck."

Sincerely,

Lauermans

Welcome to the Big Leagues

We welcome you and every graduate to the "big leagues," the world of adults and jobs and families and responsibilities. We won't give up the places we've achieved, just because you're on the scene. You have to prove yourselves too.

Don't be alarmed though. We won't get in your way unnecessarily. Experience, if not wisdom, has taught us to accept the inevitable. And you are the inevitable.

But since you are also our sons and daughters, we are happy to hand over our world to you . . . . but only bit by bit, and only as you earn each bit.

So step into our world. You'll like it.
